

PRICE LIST OF PRODUCTS AND SERVICES FOR CORPORATES

Client inspired banking

PART 2

We are continuously developing our services. Thus, for better orientation, our price list is split into two parts. The first part includes the currently offered products and services, while the other mainly consists of obsolete products and services. Both parts together form the **Price list of products and services for corporates** (the "price list"). You may be using services from both parts of the price list and thus we recommend that you always use the price list along with the relevant agreement, the general business conditions of Raiffeisenbank a.s. ("GBC"), the product conditions and technical conditions, if applicable.

This price list is effective as of 1. 4. 2018

1.1. Price plans

Firemní eKonto KOMPLET and Firemní eKonto Business are price plans for natural persons – entrepreneurs and legal entities, provided as service packages. The below services are either included in the price for the plan or are charged separately. The price for the plan is charged in full even if you do not use all the included services. Opening an account that is subject to any of the price plans does not require taking out or using other services that are not directly related to the account, yet are included in the price for the plan.

1.2. Podnikatelské eKonto and Podnikatelské eKonto Prémium

Podnikatelské eKonto and Podnikatelské eKonto Prémium are price programs for entrepreneurs in which the amount of charges is dependent on compliance with the agreed conditions. The credit turnover is always assessed on the account for which the relevant price program was agreed. The credit turnover will include payment transactions performed between 00:01 of the last calendar day of the previous calendar month until 24:00 of the day that precedes the last calendar day of the calendar month for which compliance with conditions for the application of benefits is assessed. Facts that were taken into consideration when assessing compliance with conditions for applying benefits for one account as a part of a price program cannot be taken into consideration for another account. The credit turnover is always assessed on the account for which the relevant price program was agreed.
