

# Price list for products and services for private individuals

## Part 2

We are continuously developing our services. Thus, for better orientation, our price list is split into two parts. The first part includes the currently offered products and services, while the other mainly consists of obsolete products and services. Both parts together form the Price list of products and services for private individuals. You may be using services from both parts of the Price list and thus we recommend that you always use the Price list along with the relevant agreement, the General business conditions of Raiffeisenbank a.s., the product conditions and technical conditions, if applicable.

The Price List of Products and Services for Private Individuals Part 2 replaces the Price List for Citizens (Price list) as well as the Price List of Equa Bank Products and Services for Private Individuals, which replaced the Price list as of 14 November 2022. This price list applies to clients who are Consumers and have concluded an agreement with Equa bank a.s. or the Bank that identifies the Price List for Citizens, or generally the "Price list" or "Price lists", as its integral part. References to the "Price List for Citizens", "Price list" or "Price lists" contained in the relevant agreements are now considered references to this price list. For the purposes of this price list, "EQUA Account" means any account maintained by the Bank for the above-mentioned group of clients and referred to as a current account in the former Price list.

This price list is effective as of 1.5.2026
